### Course Overview

The **BCS International Diploma in Business Analysis** is a leading, internationally recognised, certification that demonstrates that an individual has proven they have a detailed understanding and practical application of business analysis best practice. Over 100,000 professionals worldwide have chosen BCS certification. Visit [BCS.org](http://BCS.org)

The diploma qualification is acquired by taking 4 modules on the BCS business analysis learning path and passing the accompanying written exams. A final oral exam is taken where the candidate demonstrates the application of their knowledge with BCS examiners in a live role play examination in an interview format.

### Business Analysis Learning Path

BCS Business Learning path (Courses offered by R1 Training)

- **Business Analysis Foundation** (3 day course)
- **Requirements Engineering** (3 day course)
